Contents

Preface ---------- *iii*
Acknowledgements ---------- *vi*
Most Recent Questions 2018 and Color Plates ---------- *ix*
Image-Based Concept Zone ---------- *xv*

UNIT 1 GENERAL MICROBIOLOGY

Chapter 1. Introduction, History and Microscopes ---------- 3–9
Chapter 2. Morphology and Physiology of Bacteria ---------- 10–24
Chapter 3. Sterilization and Disinfection ---------- 25–36
Chapter 4. Culture Media and Culture Methods ---------- 37–46
Chapter 5. Bacterial Genetics, Resistance and Susceptibility Testing ---------- 47–56

UNIT 2 BACTERIOLOGY

Chapter 6. Staphylococcus ---------- 59–68
Chapter 7. Streptococci ---------- 69–79
Chapter 8. Pneumococcus ---------- 80–84
Chapter 9. Neisseria ---------- 85–90
Chapter 10. Corynebacterium ---------- 91–97
Chapter 11. Bacillus ---------- 98–103
Chapter 12. Clostridium ---------- 104–113
Chapter 13. Enterobacteriaceae ---------- 114–128
Chapter 14. Vibrio ---------- 129–135
Chapter 15. Pseudomonas, Acinetobacter and Burkholderia ---------- 136–140
Chapter 16. Haemophilus, Francisella and Pasteurella ---------- 141–145
Chapter 17. Brucella and Bordetella ---------- 146–149
Chapter 18. Mycobacterium ---------- 150–160
Chapter 19. Spirochaetes ---------- 161–169
Chapter 20. Rickettsia and Chlamydia ---------- 170–180
Chapter 21. Helicobacter and Campylobacter ---------- 181–183
Chapter 22. Mycoplasma and Legionella ---------- 184–188
Chapter 23. Miscellaneous Bacteria ---------- 189–198

UNIT 3 VIROLOGY

Chapter 24. Introduction and General Properties of Viruses ---------- 201–209
Chapter 25. Bacteriophages ---------- 210–213
Chapter 26. Poxviruses ---------- 214–217
Chapter 27. Herpesviruses ---------- 218–226
Chapter 28. Adenovirus ---------- 227–228
Chapter 29. Picornaviruses ---------- 229–234
Chapter 30. Orthomyxoviruses ---------- 235–238
Chapter 31. Paramyxoviruses ---------- 239–243
Chapter 32. Arthropod- and Rodent-Borne Viral Infections ---------- 244–250
Chapter 33. Rhabdovirus ---------- 251–255
Chapter 34. Hepatitis Virus ---------- 256–265
Chapter 35. Human Immunodeficiency Virus ---------- 266–273
Chapter 36. Miscellaneous Viruses ---------- 274–280

UNIT 4 PARASITOLOGY

Chapter 37. Introduction to Parasitology ---- 283–289
Chapter 38. Flagellates–I ---- 290–293
Chapter 39. Haemoflagellates ---- 294–298
Chapter 40. Leishmania ---- 299–302
Chapter 41. Apicomplexa ---- 303–311
Chapter 42. Toxoplasma, Ciliate Protozoa ---- 312–315
Chapter 43. Coccidian Intestinal Parasites ---- 316–318
Chapter 44. Helminthology Cestodes ---- 319–325
Chapter 45. Trematodes ---- 326–331
Chapter 46. Nematodes ---- 332–339
Chapter 47. Filarial Nematode ---- 340–345

UNIT 5 MYCOLOGY

Chapter 48. Characteristics and Laboratory Diagnosis of Fungi ---- 349–355
Chapter 49. Superficial Mycoses ---- 356–361
Chapter 50. Endemic/Systemic Mycoses ---- 362–366
Chapter 51. Opportunistic Mycoses ---- 367–374
Chapter 52. Miscellaneous Fungi ---- 375–378

UNIT 6 IMMUNOLOGY

Chapter 53. Immunity ---- 381–384
Chapter 54. Structure and Function of Immune System ---- 385–392
Chapter 55. Antigens ---- 393–395
Chapter 56. Antibodies ---- 396–402
Chapter 57. Complement System ---- 403–407
Chapter 58. Antigen-Antibody Reactions ---- 408–413
Chapter 59. Immune Response ---- 414–418
Chapter 60. Hypersensitivity ---- 419–423
Chapter 61. Immunodeficiency Diseases ---- 424–427
Chapter 62. Autoimmunity ---- 428–429
Chapter 63. Transplantation and Tumor Immunology ---- 430–432
Chapter 64. Immunohematology ---- 433–436

UNIT 7 APPLIED MICROBIOLOGY

Chapter 65. Applied Microbiology ---- 439–442

UNIT 8 INFECTIOUS DISEASES

Chapter 66. Introduction ---- 445–448
Chapter 67. Fever of Unknown Origin ---- 449–450
Chapter 68. Infections of Ear, Nose and Throat ---- 451–459
Chapter 69. Infections of Eye ---- 460–463
Chapter 70. Infection in Lower Respiratory Tract – Pneumonia ---- 464–465
Chapter 71. Gastrointestinal Infections ---- 466–471
Chapter 72. Cardiovascular Infection – Endocarditis ---- 472–474
Chapter 73. CNS Infections ---- 475–477
Chapter 74. Skin and Soft Tissue Infections ---- 478–479
Chapter 75. Infections of Bones and Joints ---- 480–482
Chapter 76. Sexually Transmitted Infections ---- 483–484
Chapter 77. Urinary Tract Infections ---- 485–486
Chapter 78. Infections Related to Obstetrics and Gynecology ---- 487–489
Chapter 79. Surgical Site and Related Infections ---- 490–493
Chapter 80. Infections in Special Hosts ---- 494–496
Chapter 81. Antimicrobial Chemotherapy – A Short Review ---- 497–500
Chapter 82. Multiple Choice Questions ---- 501–503
Self-Assessment ---- 507–522
