<i>Preface</i> .....	vii
<i>Acknowledgements</i> .....	viii
<b>CHAPTER 1</b> <b>ROLE OF MEDICINAL PLANTS ON NATIONAL ECONOMY</b> .....	<b>1-7</b>
<b>Introduction</b> .....	<b>1</b>
<b>Economic growth potential in natural health and cosmetic products</b> .....	<b>4</b>
<b>Future economic growth</b> .....	<b>4</b>
<b>Development of herbal medicine industry</b> .....	<b>6</b>
<b>Contribution to economy of the people</b> .....	<b>6</b>
<b>Novelties</b> .....	<b>6</b>
<b>CHAPTER 2</b> <b>WORLDWIDE TRADE IN MEDICINAL PLANTS AND</b>	
<b>DERIVED PRODUCTS</b> .....	<b>8-27</b>
<b>Introduction</b> .....	<b>8</b>
<b>Demand for medicinal plants</b> .....	<b>8</b>
<b>Demand for herbal medicine</b> .....	<b>9</b>
<b>Trends in worldwide trade of medicinal plants</b> .....	<b>10</b>
<b>International trade</b> .....	<b>11</b>
Trade codes .....	11
Trade centres .....	11
<b>Major importing-exporting regions and countries</b> .....	<b>14</b>
<b>Worldwide trade of the following drugs</b> .....	<b>15</b>
Liquorice .....	15
Ginseng .....	15
Diosgenin .....	17
Plants containing laxative .....	17
Agar-agar .....	17
Psyllium seeds .....	17
Bran .....	18
Senna leaves and pods .....	18

Cascara bark .....	18
Rhubarb .....	19
Aloe .....	19
Rauwolfia .....	19
Digitalis leaves .....	21
Podophyllum .....	21
Cinchona bark .....	22
Tropane alkaloids .....	23
Taxol .....	24
Papain .....	24
Valarian .....	25
Ipecac .....	26

**CHAPTER 3 INDIAN TRADE IN MEDICINAL AND AROMATIC PLANTS ..... 28–35**

<b>Introduction .....</b>	<b>28</b>
<b>Export potential of Indian pharmaceutical products .....</b>	<b>30</b>
<b>Indian medicinal plants used in cosmetics and aromatherapy .....</b>	<b>31</b>
<b>Spices and their export .....</b>	<b>32</b>
Ajowain .....	33
Black pepper .....	33
Cardamom .....	34
Clove .....	34
Cumin .....	34
Fennel .....	34
Garlic .....	34
Ginger .....	34
Long pepper .....	34
Turmeric .....	34

**CHAPTER 4 PLANT BASED INDUSTRY & INSTITUTIONS INVOLVED IN WORK ON MEDICINAL AND AROMATIC PLANTS IN INDIA ..... 36–85**

<b>Introduction .....</b>	<b>36</b>
<b>Classification of medicinal plant based industry .....</b>	<b>37</b>
Medicinal plant-based industries in indigenous system of medicine .....	38
Non-prescription products (OTC) consisting of plant parts .....	40
Extracts and galenicals .....	40
Essential oils industry .....	41
Phytopharmaceuticals .....	41
Natural health products industry .....	41
Herbal cosmetics and personal care products .....	42
<b>Production and utilization of medicinal plants and their products in India .....</b>	<b>42</b>
List of medicinal plants cultivated in India .....	42
Technology sources of some Indian medicinal plants .....	42
<b>Production and utilization of the medicinal plants and their products as prescribed by AICTE Syllabus .....</b>	<b>44</b>
Cinchona bark .....	44
• Plant production, 44 • Production of phytochemical constituents, 45	
• Utilization, 45	

Opium poppy .....	46
• Production of opium, 46 • Production technique for phytoconstituents, 48 • Utilization of: Poppy, 48; Opium, 48; Morphine, 50; Codeine, 50; Papaverine, 50; Narcotine, 50	
Ergot .....	50
• Production of ergot, 50 • Utilization of ergot, 52 • Production of phytoconstituents, 52; Total alkaloids, 52; Individual alkaloid, 53	
Digitalis .....	56
• Production of digitalis leaves, 56 • Isolation technique, 57 • Utilization, 58	
Ispaghula (Isabgol) .....	58
• Production of plantago seeds, 59 • Utilization, 59	
Dioscorea .....	61
• Production of dioscorea (yam), 61 • Production of diosgenin, 62 • Utilization, 62	
Vinca .....	62
• Production of vinca (crude), 63 • Production vinca alkaloids, 64 • Utilization of vinca and its alkaloids, 65	
Aloe .....	67
• Production of aloe species, 67 • Utilization, 68	
Ipecac .....	69
• Drug production, 69 • Alkaloid production, 70 • Utilization, 71	
Senna .....	71
• Production of senna leaves, 71 • Production of phytoconstituents, 72 • Utilization, 73	
Tropane alkaloids .....	73
• Production of crude drug: Belladonna, 73; Stramonium, 74; Datura, 74	
Utilization .....	74
Production of phytochemical constituents of tropane alkaloids .....	75
Hyoscyamus .....	75
Duboisia leaves .....	75
Scopolia .....	77
Coca leaves .....	77
• Production of raw material, 77 • Production of cocaine, 77 • Utilization, 78 • Trade, 79	
Solanum khasianum .....	79
• Production of raw material, 80 • Isolation of phytoconstituents, 80 • Utilization, 80	
<b>List of government institution involved in the development of plant-based industrial technology (Annexure I) .....</b>	<b>81</b>
<b>Manufacturers of herbal formulations (Annexure II) .....</b>	<b>82</b>
<b>Manufacturers of standardized herbal extracts, phytoconstituents and essential oils (Annexure III) .....</b>	<b>84</b>
<b>CHAPTER 5 UTILIZATION OF AROMATIC PLANTS AND DERIVED PRODUCTS .....</b>	<b>86-96</b>
<b>Introduction .....</b>	<b>86</b>

<b>General uses of aromatic plants .....</b>	<b>87</b>
Fragrance .....	87
Antiseptic .....	88
Antibacterial .....	88
Antiseptic .....	88
Oral hygiene .....	88
Antioxidant .....	89
Pharmaceutical industry .....	89
List of commercial indian essential oils .....	89
Food technology .....	90
Alternative medicine .....	90
Essential oil industry waste .....	90
<b>Toxicity of essential oil .....</b>	<b>90</b>
<b>Utilization of particular oils and derived products as per AICTE prescribed syllabus .....</b>	<b>90</b>
Menthol .....	91
Citral .....	92
Vetiver oil .....	92
Geranium oil .....	93
Eucalyptus oil .....	94
Sandalwood oil .....	96
 <b>CHAPTER 6 PLANT TISSUE CULTURE .....</b>	 <b>97-130</b>
<b>Introduction .....</b>	<b>97</b>
<b>Advantage of tissue culture technique over the conventional cultivation     technique .....</b>	<b>97</b>
<b>Historical development of plant tissue culture .....</b>	<b>98</b>
<b>Basic requirement for a tissue culture laboratory .....</b>	<b>100</b>
<b>General procedure involved in plant tissue culture .....</b>	<b>104</b>
<b>Culture media for tissue culture .....</b>	<b>106</b>
<b>Types of plant tissue cultures .....</b>	<b>113</b>
<b>Establishment and maintenance of various cultures .....</b>	<b>116</b>
<b>Application of tissue culture in pharmacognosy .....</b>	<b>122</b>
<b>Industrial production of secondary metabolites .....</b>	<b>126</b>
 <b>CHAPTER 7 CHEMOTAXONOMY OF MEDICINAL PLANTS .....</b>	 <b>131-162</b>
<b>Introduction .....</b>	<b>131</b>
<b>Taxonomy .....</b>	<b>131</b>
Earlier system of plant classification .....	131
Artificial system .....	134
Natural system .....	134
Phylogenetic system .....	134
<b>Chemotaxonomy .....</b>	<b>134</b>
Definition and concept of chemotaxonomy .....	134
Phytoconstituents useful in plant taxonomy .....	136
Principal of chemotaxonomy .....	138

Role of secondary metabolites in chemotaxonomy .....	141
• Carbohydrates, 141 • Glycosides, 143 • Phenolic compounds, 147 • Quinones, 148 • Alkaloids in chemotaxonomy, 150 • Terpenoids and steroids, 152 • Iridoids in chemotaxonomy, 154 • Sesquiterpene lactones, 155 • Essential oil, 156 • Non-protein amino acid, 158 • Polyketides, 158 • Amines, 159	
Application of chemotaxonomy .....	159
Chemotaxonomy and economic and medical botany .....	162

**CHAPTER 8 MARINE PHARMACOGNOSY (NOVEL MEDICINAL AGENTS FROM MARINE SOURCE) ..... 163–175**

Introduction .....	163
Marine organism as potential source of drugs .....	164
Conotoxin .....	165
Antimicrobial compounds .....	165
Antiviral compounds .....	168
Cytotoxic compounds .....	169
Cardiovascular and neurophysiological agents .....	171
Anti-inflammatory agents .....	172
Anthelmintic .....	172
Anticoagulants .....	172
Prostaglandins .....	172

**CHAPTER 9 NATURAL ALLERGENS ..... 176–187**

Allergens .....	176
Allergy .....	176
Allergy manifestation and their mechanism of action .....	177
Types of allergens .....	178
Allergenic extracts .....	184
Pollen extract .....	185
Dust extract .....	186
Fungal extract .....	186
Insect extract .....	187
Miscellaneous inhalant extract .....	187

**CHAPTER 10 PHOTOSENSITIZING AGENTS ..... 188–203**

Introduction .....	188
Photosensitizing reactions .....	188
Classification of photosensitizer and their description .....	189
Photosensitizing agents in therapy .....	192
Photodynamic therapy .....	193
Natural source of furanocoumarins .....	195
• Extraction procedure, 199	
Mechanism of action of furanocoumarin in photosensitization therapy .....	199
Primary class of medication responsible for photosensitizing reactions (Annexure I) .....	201
Other photosensitizing agents responsible for photosensitizing reaction (Annexure II) .....	203

<b>CHAPTER 11 HERBS AND HEALTH FOOD .....</b>	<b>204–271</b>
<b>Introduction .....</b>	<b>204</b>
Nutraceuticals .....	204
Antioxidant .....	204
Prebiotics and Probiotics .....	205
Polyunsaturated fatty acids (PUFA) .....	205
Dietary fibres .....	206
Carotenoids .....	207
<b>Regulation regarding the herbs as food .....</b>	<b>207</b>
<b>Natural herbs/ingredients and health food .....</b>	<b>208</b>
Acacia gum .....	208
Acerola fruits .....	208
Aletris roots .....	209
Alfalfa foliage .....	209
All-spice fruits .....	210
Angelica fruits .....	210
Aniseed .....	211
Annato fruit .....	211
Apricot kernel .....	212
Arnica flowers .....	212
Astragalus .....	212
Balm lemon foliage and flowers .....	213
Basil sweet herb .....	214
Bee pollen .....	214
Bilberry fruits .....	215
Blessed thistle .....	215
Burdock .....	216
Cajeput oil .....	216
Capsicum fruits .....	216
Caraway fruit .....	217
Carrageenan (sea weed gum) .....	217
Chamomile flowers .....	218
Chicory roots .....	219
Codonopsis roots .....	219
Coriander fruits .....	220
Corn oil .....	220
Devil's claw (herbal tea) .....	220
Echinaceae flowers .....	221
Ephedra stem .....	222
Evening primrose .....	222
Fenugreek (methi) herb .....	223
Fennel fruits .....	223
Fo-Ti tubers .....	224
Fewer few foliage .....	225
Ganoderma fruits .....	225
Garlic bulb .....	226
Gentian roots .....	227
Ginger rhizome .....	227
Ginseng roots .....	228

Ginkgo foliage .....	229
Glycyrrhiza rhizome .....	229
Honey .....	231
Hops inflorescence .....	231
Lemon oil .....	232
Mustard oil .....	233
Nutmeg kernels .....	233
Onion bulb .....	234
Parsley .....	234
Rose hips .....	235
Saffron (stigma) .....	235
Safflower oil .....	236
Sassafras bark .....	236
Soybean .....	237
Sunflower oil .....	237
Tamarind .....	238
Turmeric .....	238

**CHAPTER 12 HERBS AND HERBAL PRODUCTS AS COSMETICS .....240–271**

<b>Introduction .....</b>	<b>240</b>
<b>Herbs as cosmetics .....</b>	<b>241</b>
Alkanet roots .....	241
Aloe vera gel .....	241
Amla fruits .....	243
Almond oil .....	243
Bergamot oil .....	244
Brahmi herb .....	244
Bhringraj weed .....	245
Bilberry fruit .....	246
Burdock roots .....	246
Cade oil .....	247
Castor oil .....	247
Coconut oil (fruit) .....	248
Common ivy flower .....	248
Echinaceae (cone flower) .....	249
Eucalyptus oil .....	249
Ginkgo foliage .....	250
Hawthorn flowers .....	251
High mallow leaves .....	251
Henna .....	252
Himalayan cedar .....	253
Hyssop flower .....	253
Lavender oil .....	254
Lemon oil .....	254
Lithospermums .....	254
Marigold flower .....	255
Matricaria flowers .....	255
Nagkesara fruits .....	256
Neem leaves .....	256

Olive oil .....	257
Primrose .....	257
Quince seeds .....	258
Rosemary oil .....	259
Rose oil .....	259
Sandalwood oil .....	260
Sesame oil .....	260
Senna leaves .....	261
Tagetes oil.....	261
Thyme oil .....	262
Walnut .....	262
Wintergreen oil .....	263
Witch hazel leaves .....	263
<b>Commercial herbal/cosmetic formulations .....</b>	<b>264</b>
Definition .....	264
Classification .....	264
Commercial formulas for cold creams .....	265
Face packs/masks .....	266
Liquid cream .....	267
Lotions .....	267
Shampoos .....	268
Herbal hair tonic .....	269
Herbal mouth wash .....	269
Herbal soap .....	269
<b>Manufacturers of herbal formulations (Annexure I) .....</b>	<b>271</b>
<i>References</i> .....	273
<i>Index</i> .....	277
