<i>Preface</i>	v
1. Floating Drug Delivery Systems	
Floating Tablet/Microspheres/Density Based Systems .....	1
2. Oral Osmotic Pumps .....	10
3. Bio/mucoadhesive .....	36
4. Multiple Emulsion .....	59
5. Colon Specific Delivery	
Enteric Coated Tablets, Pectin Based Systems .....	77
6. Transdermal Delivery Systems .....	90
7. Spherical Crystallisation .....	108
8. Microemulsion .....	114
9. Implants and Inserts .....	126
10. Micellar Systems .....	137
11. Liposomes .....	148
12. Microspheres, Microparticles and Microcapsules .....	198
13. Nanoparticles, Nanospheres and Nanocapsules .....	226
14. Resealed Erythrocytes .....	245
15. Transfersomes and Ethosomes .....	257
16. Organogels .....	263
17. Dendrimers .....	272
18. Niosomes and Discomes .....	284
19. Solid Lipid Nanoparticles .....	299
20. Drug Conjugates .....	322
21. Cyclodextrin Complexes:	
Dextran Complexes, Cyclodextrin Complexes .....	380
22. Combination Systems .....	389
<i>Index .....</i>	399
