

Biopharmaceutics and Pharmacokinetics

for Sixth Semester Bachelor in Pharmacy

would help in bridging the existing gap of long needed demand for budding pharmacy technocrats, academicians and pharmacists, especially the budding professionals of pharmacy. It follows the latest syllabus prescribed by Pharmacy Council of India. The main objective of the book is to explain the fundamentals of biopharmaceutics in the simplest possible language and easy to understand style for the students. The textbook keeps the balance between the basic essentials and advanced areas of knowledge, apart from the usual topics.

The distinguishing features of the book are succinct summary of the text at the end of the chapter and definitions of all important terms at the end of every chapter which are extremely helpful to the readers.

Preface

This book *Biopharmaceutics and Pharmacokinetics* is designed specifically as per Pharmacy Council of India BPharmacy sixth semester students. This book covers wide areas and contains a comprehensive description of existing knowledge of biopharmaceutics. The text not only deals with the basic concepts but also emphasizes technical and practical aspects of the subject. The book is primarily intended as textbook for students of pharmacy for degree and diploma courses. Pharmacokinetics being the backbone of pharmacy, it covers a wide range of interest both among the students and teaching communities. Taking this increasing interest into account, this book gives a comprehensive introduction to the subject. The book contains numerous specimens, vivid illustrations, tables, diagrams and flow diagrams to present the ideas. In spite of the great care, there might be some mistakes and deficiencies. We will be grateful for giving suggestions to improve. So go through the content and mail us at gbitsian@rediffmail.com.

Acknowledgements

I would like to express my gratitude to CBS Publisher & Distributors Pvt Ltd., for believing in me and giving me this opportunity to create something which will help the students in the years to come. I shall always be indebted to my teachers who gave me all that I have today. I would like to thank my colleagues for supporting me in this endeavor. I have learned a lot from my students, and they deserve an equal credit for the insights that helped in the creation of this book. I would like to thank my family for their continuous support. Thank you to all who stood by me through thick and thin.

Jyoti Ghangas

I would like to thank to Maj General, (Dr) VN Sharma, Vice Chancellor, AVSM, Amity University, Gwalior, Madhya Pradesh and Dr GBKS Prasad, Jiwaji University, Gwalior, Madhya Pradesh.

Anantha Naik Nagappa

I would like to acknowledge the efforts of Jyoti for her significant contribution in drafting the content of this book. This book is *dedicated* to all the students, whom I have taught. I hope students will appreciate this book.

Atul Kaushik

It is a moment of great pleasure and immense satisfaction for me to express deep gratitude and gratefulness to: Shri Subhash Chandra, Chairman, Shikhar Institute of Pharmacy, Budaun (UP), for his all time support and encouragement.

My special thanks to Vikrant Mendiratta, Dr Rajesh Verma, Karan Thareja, board members of Shikhar Institute of Pharmacy, Budaun, UP, for inspiring us to bring out this book.

I express my gratefulness to Shri YN Arjuna, Senior Vice President—Publishing, Editorial and Publicity, CBS Publisher & Distributors and especial thanks to Shri Satish K Jain, CMD, CBS Publisher & Distributors for his sincere efforts.

I express my gratitude to my father Er. VK Agarwal and my mother Asha Agarwal, for there all time blessings and moral support. Last but not the least, I express my love to my wife Dr Shilpi and my loving kids Shreya and Vaidish for there all time motivation.

Gaurav Agarwal
