Index of Competencies

1. Doctor–Patient Relationship	1
• PS1.1 Establish rapport and empathy with patients	
• PS1.2 Describe the components of communication	
• PS1.3 Demonstrate breaking of bad news in a simulated environment	
• PS1.4 Describe and demonstrate the importance of confidentiality in patient encounters	
2. Mental Health	6
• PS2.1 Define stress and describe its components and causes	
• PS2.2 Describe the role of time management, study skills, balanced diet, and sleep-wake habits in stress avoidance	
• PS2.3 Define and describe the principles and components of learning, memory, and emotions	
• PS2.4 Describe the principles of personality development and motivation	
• PS2.5 Define and distinguish normality and abnormality	
3. Introduction to Psychiatry	22
• PS3.1 Describe the growth of psychiatry as a medical specialty, its history, and its contribution to society	
• PS3.12 Describe, discuss and distinguish psychotic and non-psychotic (mood, anxiety, stress-related) disorders	
• PS3.2 Enumerate, describe and discuss important signs and symptoms of common mental disorders	
• PS3.3 Elicit, present, and document history in patients presenting with a mental disorder	
• PS3.4 Describe the importance of establishing rapport with patients	
• PS3.5 Perform, demonstrate and document a mental status examination	
• PS3.6 Describe and discuss biological, psychological and social factors and their interactions in the causation of mental disorders	
4. Organic Psychiatric Disorders	36
• PS3.7 Enumerate and describe common organic psychiatric disorders and their magnitude, etiology, and clinical features	
• PS3.8 Enumerate and describe the essential investigations in patients with organic psychiatric disorders	
• PS3.9 Describe the steps and demonstrate in a simulated environment the importance of family education in patients with organic psychiatric disorders	
• PS3.10 Enumerate and describe the pharmacologic basis and side effects of drugs used in organic psychiatric disorders	
• PS3.11 Enumerate the appropriate conditions for specialist referral in patients with organic psychiatric disorders	
5. Substance Use Disorders	50
• PS4.1 Describe the magnitude and etiology of alcohol and substance use disorders	
• PS4.2 Elicit, describe, and document clinical features of alcohol and substance use disorders	
• PS4.3 Enumerate and describe the indications and interpret laboratory and other tests used in alcohol and substance abuse disorders	

- **PS4.4** Describe the treatment of alcohol and substance abuse disorders including behavioral and pharmacologic therapy
- **PS4.5** Demonstrate family education in a patient with alcohol and substance abuse in a simulated environment
- **PS4.6** Enumerate and describe the pharmacologic basis and side effects of drugs used in alcohol and substance abuse disorders
- **PS4.7** Enumerate the appropriate conditions for specialist referral in patients with alcohol and substance abuse disorders

6. Psychotic Disorders 73

- **PS5.1** Classify and describe the magnitude and aetiology of schizophrenia and other psychotic disorders
- **PS5.2** Enumerate, elicit, describe, and document clinical features, positive and negative symptoms of schizophrenia
- **PS5.3** Describe the treatment of schizophrenia including behavioral and pharmacologic therapy
- **PS5.4** Demonstrate family education in a patient with schizophrenia in a simulated environment
- **PS5.5** Enumerate and describe the pharmacologic basis and side effects of drugs used in schizophrenia
- **PS5.6** Enumerate the appropriate conditions for specialist referral in patients with psychotic disorders

7. Depression 89

- **PS6.1** Classify and describe the magnitude and etiology of depression
- **PS6.2** Enumerate, elicit, describe, and document clinical features in patients with depression
- **PS6.3** Enumerate and describe the indications and interpret laboratory and other tests used in depression
- **PS6.5** Demonstrate family education in a patient with depression in a simulated environment
- **PS6.6** Enumerate and describe the pharmacologic basis and side effects of drugs used in depression
- **PS6.7** Enumerate the appropriate conditions for specialist referral in patients with depression

8. Bipolar Disorders 98

- **PS7.1** Classify and describe the magnitude and etiology of bipolar disorders
- **PS7.2** Enumerate, elicit, describe, and document clinical features in patients with bipolar disorders
- **PS7.3** Enumerate and describe the indications and interpret laboratory and other tests used in bipolar disorder
- **PS7.4** Describe the treatment of bipolar disorders including behavioral and pharmacologic therapy
- **PS7.5** Demonstrate family education in a patient with bipolar disorders in a simulated environment
- **PS7.6** Enumerate and describe the pharmacologic basis and side effects of drugs used in bipolar disorders
- **PS7.7** Enumerate the appropriate conditions for specialist referral in patients with bipolar disorders

9. Anxiety Disorders 109

- **PS8.1** Enumerate and describe the magnitude and etiology of anxiety disorders
- **PS8.2** Enumerate, elicit, describe, and document clinical features in patients with anxiety disorders
- **PS8.3** Enumerate and describe the indications and interpret laboratory and other tests used in anxiety disorders

- **PS8.4** Describe the treatment of anxiety disorders including behavioral and pharmacologic therapy
- **PS8.5** Demonstrate family education in a patient with anxiety disorders in a simulated environment
- **PS8.6** Enumerate and describe the pharmacologic basis and side effects of drugs used in anxiety disorders
- **PS8.7** Enumerate the appropriate conditions for specialist referral in anxiety disorders

10. Obsessive–Compulsive Spectrum Disorders 116

11. Stress-related Disorders 130

- **PS9.1** Enumerate and describe the magnitude and etiology of stress-related disorders
- **PS9.2** Enumerate, elicit, describe, and document clinical features in patients with stress-related disorders
- **PS9.3** Enumerate and describe the indications and interpret laboratory and other tests used in stress-related disorders
- **PS9.4** Describe the treatment of stress-related disorders including behavioral and psychosocial therapy
- **PS9.5** Demonstrate family education in a patient with stress-related disorders in a simulated environment
- **PS9.6** Enumerate and describe the pharmacologic basis and side effects of drugs used in stress-related disorders
- **PS9.7** Enumerate the appropriate conditions for specialist referral in stress-related disorders

12. Somatoform Disorders 136

- **PS10.1** Enumerate and describe the magnitude and etiology of somatoform, dissociative, and conversion disorders
- **PS10.2** Enumerate, elicit, describe, and document clinical features in patients with somatoform, dissociative and conversion disorders
- **PS10.3** Enumerate and describe the indications and interpret laboratory and other tests used in somatoform, dissociative, and conversion disorders
- **PS10.4** Describe the treatment of somatoform disorders including behavioral, psychosocial, and pharmacologic therapy
- **PS10.5** Demonstrate family education in a patient with somatoform, dissociative, and conversion disorders in a simulated environment
- **PS10.6** Enumerate and describe the pharmacologic basis and side effects of drugs used in somatoform, dissociative and conversion disorders
- **PS10.7** Enumerate the appropriate conditions for specialist referral in patients with somatoform dissociative and conversion disorders

13. Personality Disorders 145

- **PS2.4** Describe the principles of personality development and motivation
- **PS11.1** Enumerate and describe the magnitude and etiology of personality disorders
- **PS11.2** Enumerate, elicit, describe, and document clinical features in patients with personality disorders
- **PS11.3** Enumerate and describe the indications and interpret laboratory and other tests used in personality disorders
- **PS11.4** Describe the treatment of personality disorders including behavioral, psychosocial, and pharmacologic therapy
- **PS11.5** Demonstrate family education in a patient with personality disorders in a simulated environment
- **PS11.6** Enumerate and describe the pharmacologic basis and side effects of drugs used in the treatment of personality disorders
- **PS11.7** Enumerate the appropriate conditions for specialist referral in cases of personality disorders

- 14. Psychosomatic Disorders 163**
- **PS12.1** Enumerate and describe the magnitude and etiology of psychosomatic disorders
 - **PS12.2** Enumerate, elicit, describe, and document clinical features in patients with psychosomatic disorders
 - **PS12.3** Enumerate and describe the indications and interpret laboratory and other tests of psychosomatic disorders
 - **PS12.4** Describe the treatment of psychosomatic disorders including behavioral, psychosocial, and pharmacologic therapy
 - **PS12.5** Demonstrate family education in a patient with psychosomatic disorders in a simulated environment
 - **PS12.6** Enumerate and describe the pharmacologic basis and side effects of drugs used in psychosomatic disorders
 - **PS12.7** Enumerate the appropriate conditions for specialist referral in psychosomatic disorders
- 15. Psychosexual and Gender Identity Disorders 172**
- **PS13.1** Enumerate and describe the magnitude and etiology of psychosexual and gender identity disorders
 - **PS13.2** Enumerate, elicit, describe, and document clinical features in patients with psychosexual and gender identity disorders
 - **PS13.3** Enumerate and describe the indications and interpret laboratory and other tests used in psychosexual and gender identity disorders
 - **PS13.4** Describe the treatment of psychosexual and gender identity disorders including behavioural, psychosocial and pharmacologic therapy
 - **PS13.5** Demonstrate family education in a patient with psychosexual and gender identity disorders in a simulated environment
 - **PS13.6** Enumerate and describe the pharmacologic basis and side effects of drugs used in psychosexual and gender identity disorders
 - **PS13.7** Enumerate the appropriate conditions for specialist referral in psychosexual and gender identity disorders
- 16. Psychiatric Disorders in Childhood and Adolescence 180**
- **PS14.1** Enumerate and describe the magnitude and etiology of psychiatric disorders occurring in childhood and adolescence
 - **PS14.2** Enumerate, elicit, describe, and document clinical features in patients with psychiatric disorders occurring in childhood and adolescence
 - **PS14.3** Describe the treatment of psychiatric disorders occurring in childhood and adolescence including behavioral, psychosocial, and pharmacologic therapy
 - **PS14.4** Demonstrate family education in a patient with psychiatric disorders occurring in childhood and adolescence in a simulated environment
 - **PS14.5** Enumerate and describe the pharmacologic basis and side effects of drugs used in psychiatric disorders occurring in childhood and adolescence
 - **PS14.6** Enumerate the appropriate conditions for specialist referral in children and adolescents with psychiatric disorders
- 17. Mental Retardation 197**
- **PS15.1** Describe the aetiology and magnitude of mental retardation
 - **PS15.2** Describe and discuss intelligence quotient and its measurement
 - **PS15.3** Elicit and document a history and clinical examination and choose appropriate investigations in a patient with mental retardation
 - **PS15.4** Describe the psychosocial interventions and treatment used in mental retardation

- 18. Psychiatric Disorders in the Elderly** **202**
- **PS16.1** Enumerate and describe common psychiatric disorders in the elderly including dementia, depression and psychosis
 - **PS16.2** Describe the etiology and magnitude of psychiatric illness in the elderly
 - **PS16.3** Describe the therapy of psychiatric illness in the elderly including psychosocial and behavioral therapy
 - **PS16.4** Demonstrate family education in a patient with psychiatric disorders occurring in the elderly in a simulated environment
 - **PS16.5** Enumerate the appropriate conditions for specialist referral in psychiatric disorders in the elderly
- 19. Psychiatric Emergencies** **208**
- **PS17.1** Enumerate and describe the recognition and clinical presentation of psychiatric emergencies
 - **PS17.2** Describe the initial stabilisation and management of psychiatric emergencies
 - **PS17.3** Enumerate the appropriate conditions for specialist referral in patients with psychiatric emergencies
- 20. Therapeutics** **214**
- **PS18.1** Enumerate the indications and describe the pharmacology, dose, and side effects of commonly used drugs in psychiatric disorders
 - **PS18.2** Enumerate the indications for modified electroconvulsive therapy
 - **PS18.3** Enumerate and describe the principles and role of psychosocial interventions in psychiatric illness including psychotherapy, behavioral therapy, and rehabilitation
- 21. Miscellaneous** **251**
- **PS19.1** Describe the relevance, role, and status of community psychiatry
 - **PS19.2** Describe the objectives, strategies and contents of the National Mental Health Program
 - **PS19.3** Describe and discuss the basic legal and ethical issues in psychiatry
 - **PS19.4** Enumerate and describe the salient features of the prevalent mental health laws in India
 - **PS19.5** Describe the concept and principles of preventive psychiatry
 - **PS19.6** Enumerate and describe the identifying features and the principles of participatory management of mental illness occurring during and after disasters
- 22. Integration** **262**
- **PY10.7** Describe and discuss functions of cerebral cortex, basal ganglia, thalamus, hypothalamus, cerebellum and limbic system and their abnormalities
 - **PY10.8** Describe and discuss behavioural and EEG characteristics during sleep and mechanism responsible for its production
 - **PY10.12** Identify normal EEG forms
 - **FM5.4** Differentiate between true insanity from feigned insanity (factitious disorder and malingering)
 - **FM3.17** Describe and discuss the sexual perversions fetishism, transvestism, voyeurism, sadism, necrophagia, masochism, exhibitionism, frotteurism, and necrophilia
