UNIT I INTRODUCTION: MODERN CONCEPTS OF CHILD CARE

Chapter 1 Child Care Concepts 3–17

• Introduction	3
• Historical Perspectives on Child Care Practices	3
• Health Care Delivery System in India.....	5
• National Policies, Legislation and Agencies Related to Child Welfare	6
• National Health Programs Related to Children.....	10
• Internationally Accepted Rights of the Child.....	16
• Changing Trends in Child Health	17

Chapter 2 Preventive Pediatrics 18–27

• Introduction	18
• Immunization	18
• Vaccines	19
• Under Five-Clinics/Well Baby Clinics.....	21
• Child Morbidity and Mortality.....	22
• Infant Morbidity and Mortality	23
• Accidents in Young Children.....	25

Chapter 3 Hospitalized Child 28–35

• Differences between Children and Adults.....	28
• Hospital Environment for a Sick Child.....	29
• Impact of Hospitalization on Child.....	30
• Nursing Care of a Hospitalized Child	32
• Effects of Hospitalization on Family	33
• Grief and Bereavement.....	33
• Role of a Child Health Nurse	33
• Ethics in Pediatric Nursing.....	34
• Principles of Pre- and Postoperative Care for Children	34

Chapter 4 Child Health Nursing Procedures 36–44

• Introduction	36
• Administration of Medication: Oral.....	36
• Administration of Medication: IM.....	37
• Calculation of Fluid Requirement	38
• Calculation of Drop Rate	38

- Application of Restraints 38
- Pain Assessment in Children..... 39

UNIT II THE HEALTHY CHILD

Chapter 5 Development Theories and Physical Examination 47–79

- Introduction..... 47
- Principles and Factors Affecting Growth and Development 47
- Developmental Theories..... 48
- Development Assessment..... 53
- Pediatric History and Physical Examination 60
- Newborn Examination 70
- Newborn Reflexes 77

Chapter 6 Growth and Development at Various Stages 80–96

- Introduction..... 80
- Growth and Development of Infants..... 80
- Growth and Development of Toddlers (1–3 Years) 82
- Growth and Development of Preschoolers (3–6 Years) 84
- Growth and Development of School Age (6–12 Years)..... 85
- Growth and Development in Adolescents (12–18 Years)..... 87
- Nutritional Needs of Infants and Children..... 89
- Baby-Friendly Hospital Initiative 94
- Failure to Thrive 94
- Types and Advantages of Play 95

UNIT III NURSING CARE OF NEONATE

Chapter 7 Normal Newborn 99–108

- Introduction..... 99
- Neonatal Resuscitation..... 99
- Birth Injuries..... 102
- Essential Newborn Care..... 104
- Facility-Based Newborn Care..... 105
- Facility-Based Integrated Management of Neonatal and Childhood Illness..... 107

Chapter 8 Low Birth Weight Baby 109–119

- Introduction..... 109
- Low Birth Weight (LBW) Baby 109
- Management of LBW Babies 111
- Kangaroo Mother Care..... 114
- Organization of Neonatal Unit..... 116
- Neonatal Transport..... 117
- Neonatal Equipment 118

Chapter 9 Management of Neonatal Conditions 120–137

- Introduction 120
- Management of Neonatal Conditions..... 120
- Respiratory Distress Syndrome..... 123

• Neonatal Sepsis	124
• Neonatal Jaundice	127
• Neonatal Seizures	131
• Retinopathy of Prematurity.....	132
• Neonatal Hypoglycemia.....	133
• Neonatal Shock.....	133
• Emergency Triage Assessment and Treatment	135

UNIT IV INTEGRATED MANAGEMENT OF NEONATAL AND CHILDHOOD ILLNESS (IMNCI)

Chapter 10 Management of Sick Young Infants—Up to 2 Months 141–152

• Introduction.....	141
• Evidence-Based Syndromic Approach.....	141
• Principles of Integrated Care	142
• IMNCI Case Management Process.....	142
• Treat the Young Infant and Counsel the Mother	148

Chapter 11 Management of Sick Children—2 Months to 5 Years 153–169

• Introduction.....	153
• Assessment and Management of Sick Children	153

UNIT V COMMON CHILDHOOD DISEASES

Chapter 12 Respiratory Disorders 173–188

• Introduction	173
• Upper Respiratory Tract Infection (URTI).....	173
• Lower Respiratory Tract Infections (LRTI).....	174
• Tuberculosis.....	177
• Bronchial Asthma.....	179
• Cystic Fibrosis.....	181
Common Respiratory Surgical Conditions	182
• Choanal Atresia.....	182
• Congenital Diaphragmatic Hernia (CDH).....	183
• Esophageal Atresia with Tracheoesophageal Fistula.....	185

Chapter 13 Endocrine Disorders 189–203

• Introduction.....	189
• Functions of Endocrine System	189
• Causes of Endocrine Disorders	189
• Antidiuretic Hormone (ADH) Disorders.....	189
• Adrenal Disorders	191
• Growth Hormone Insufficiency	193
• Disorders of Pancreas.....	196
• Disorders of Thyroid Gland.....	200

UNIT VI CHILDHOOD EMERGENCIES

Chapter 14 Management of Different Emergencies in Children 207–219

• Introduction	207
----------------------	-----

Managing Common Childhood Emergencies	207
• Foreign Body Airway Obstruction (FBAO, Choking).....	207
• SnakeBite	208
• Dog Bite.....	209
• Drowning.....	209
• Poisoning.....	210
• Hemorrhage	211
• Burns.....	212
• Pediatric Basic Life Support.....	217

UNIT VII DISEASE CONDITIONS-I

Chapter 15 Cardiovascular Disorders 223–240

• Introduction.....	223
• Related Anatomy of Heart	223
• Congenital Heart Disease	225
• Nursing Care of a Child with Cardiac Surgery.....	234
• Congestive Heart Failure (CHF).....	235
• Rheumatic Fever.....	237
• Infective Endocarditis.....	238
• Acquired Heart Disease	239

Chapter 16 Hematological Disorders 241–255

• Introduction	241
• Blood	241
• Classification of Blood Disorders.....	241
• Anemia.....	241
• Hemophilia.....	250
• Thrombocytopenia	251
• Idiopathic Thrombocytopenic Purpura	252
• Leukemia.....	253

Chapter 17 Gastrointestinal Disorders 256–279

• Introduction.....	256
• Cleft Lip and Palate	256
• Gastroesophageal Reflux Disease.....	258
• Hypertrophic Pyloric Stenosis.....	259
• Choledochal Cyst	261
• Extrahepatic Biliary Atresia (EHBA)	264
• Intestinal Disorders	264
• Abdominal Wall Defects	268
• Anorectal Malformation	271
• Hepatitis	274
• Lactose Intolerance.....	276
• Malabsorption Syndrome.....	276
• Celiac Disease.....	277
• Appendicitis.....	277
• Worm Infestation	278
